

Kaiser After School Computer Class

Working and Playing with iPads

When: Tuesdays 3:00—4:00

Where: Kaiser Computer Lab

Dates: 1/3/12 - 4/3/12

Cost: \$140 (14 sessions)

Who: 3rd—5th graders

iPads are great tools for learning, playing, making movies, taking pictures and getting to look at a whole new side of technology. We're lucky enough at Kaiser to have a full classroom set and this class will give students a great head start at learning all about how to use them.

- * Learn the basics of all the new ways of controlling a computer that the iPad makes available.
- * Test out a variety of educational games and activities specially designed for the iPad.
- * Use the iPads out for taking pictures and making movies and practice with iMovie to edit and show what we come up with.

Classes are taught by Rick Chan Frey, Max enrollment is 12 students.
